Skills

- **Languages**: C++, Java, C, Python, JavaScript, SQL
- **Web Frameworks & Technologies**: React.js, Node.js, Express.js, HTML, CSS, REST APIs, JWT, Mongoose, Vite
- **ML Frameworks & Libraries**: Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn
- **Tools/Platforms**: VS Code, Git/GitHub, MongoDB Atlas, Postman, Power BI, Jupyter Notebook, Figma
- **Soft Skills**: Problem-Solving, Team Collaboration, Adaptability, Analytical Thinking

Projects

Planora – MERN Stack Project Management Platform| GitHub Jan 2026 – Feb 2026

- Engineered a full-stack project management platform with JWT-based authentication and protected routes.
- Architected RESTful APIs using Node.js and Express, implementing CRUD operations for Projects, Tasks, and Teams.
- Developed an interactive React.js dashboard for project tracking and task management with seamless API integration.
- Implemented input validation, error handling, and middleware-based request logging for secure backend operations.
- Tech: React.js, Node.js, Express.js, MongoDB Atlas, Mongoose, JWT, REST APIs, Vite, Git/GitHub

Air Quality Data Analysis – Data Cleaning & Insights | GitHub Mar 2025 – Apr 2025

- Executed comprehensive data cleaning and preprocessing on air quality datasets using Python and Pandas to ensure data consistency and reliability.
- Performed exploratory data analysis (EDA) to identify trends, correlations, and statistical patterns across key air quality metrics.
- Generated insightful visualizations using Matplotlib and Seaborn to communicate findings and support data-driven conclusions.
- Tech**:** Python, Pandas, Matplotlib, Seaborn, EDA, Data Cleaning

Health Analysis Dashboard – Data Visualization & Insights | GitHub Apr 2025 – May 2025

- Designed an interactive health analytics dashboard in Power BI to visualize key health indicators and patient trends.
- Configured KPIs, slicers, and responsive filters to enable real-time, user-driven data exploration.
- Interpreted dashboard outputs to identify patterns and actionable insights supporting data-informed decision-making.
- Tech: Power BI, Excel, Data Cleaning, Data Visualization

Training

From Data to Insights Center for Professional Enhancement | Certificate Jun 2025 – Jul 2025

- Completed intensive training in Data Structures and Algorithms with hands-on implementation of core concepts.
- Developed a To-Do List Manager System applying object-oriented programming and file handling techniques.
- Implemented data structures including Arrays, Linked Lists, and Stacks to solve real-world problem statements.
- Enhanced logical reasoning and algorithm design skills through practical coding exercises.
- Tech: C++, OOP, File Handling, Data Structures, Algorithm Design

Certificates

- NPTEL Online Certification in Cloud Computing | IIT Kharagpur — May 2025
- NeoColab Certification in DSA | IamNeo — Dec 2024
- NeoColab Certification in Java | IamNeo — Oct 2023
- Responsive Web Design | FreeCodeCamp — May 2025

Achievements

- **Top 5 Finalist – CodeStorm Hackathon (LPU):**
  Selected among the top 5 teams for developing an innovative technical solution within 24 hours in a competitive hackathon environment.
- **Solved 100+ problems on GeeksforGeeks and Leetcode**:
  Earned the official GeeksforGeeks 100+ Problems Badge, showcasing consistency in coding practice and analytical proficiency.

Education

Lovely Professional University — Phagwara, Punjab
Bachelor of Technology – Computer Science and Engineering | CGPA: 7.4 — Since Aug 2023

St Thomas Sr Sec School — Mandsaur, Madhya Pradesh
Intermediate | Percentage: 78% — Apr 2021 – Mar 2022

St Thomas Sr Sec School — Mandsaur, Madhya Pradesh
Matriculation | Percentage: 85.4% — Apr 2019 – Mar 2020
